Need a VEGETARIAN Menu, just call!

Go Green at your picnic!

Green Wave Biodegradable products are made of environmentally conscious natural fiber, such as sugarcane, grass and reed plasma. The annually renewable materials that the products are constructed of allow Green Wave to remain competitive without exploiting the natural environment or disturbing the ecological system. Green Wave's products are 100 percent green and are an excellent substitute for non-environmental friendly products, such as styrofoam and plastic.
